

# Our Shangri-La

Mark Knopfler

It's the end of a perfect day  
For surfer boys and girls  
The sun's dropping down in the bay  
And falling off the world There's a diamond in the sky  
Our evening star  
In our shangri-la Get that fire burning strong  
Right here and right now  
It's here and then it's gone  
There's no secret, anyhow We may never love again  
To the music of guitars  
In our shangri-la Tonight your beauty burns  
Into my memory  
The wheel of heaven turns  
Above us endlessly  
This is all the heaven we've got  
Right here where we are  
In our shangri-la This is all the heaven we've got  
Right here where we are  
In our shangri-la
