Lord Remember Me

Ruthie Foster

Oh Lord remember me
Remember me
Oh Lord remember me
Remember me
When these chains get broken set my body free
Oh Lord remember me
remember me
Days get long I call your name
I call your name
days get long I call your name
I call your name
days get long can't see right from long
lord I call your name
I call your name
mmmmmmmm
Guide me on to do your ways
Guide me on to do your ways
When trouble move me keep me standing still
Guide me on to do your ways
mmmmmmmm
oh lord remember me
oh lord remember me
When these chains get broken set my spirit free
Oh Lord remember me
When these chains get broken set my spirit free
Oh Lord remember me
