## Ghost B.C.

Advisory - the following lyrics contain explicit language:

Dust...I was carried on a wolf's back  
Here To corrupt humanity  
I will pummel it with opulence  
With corpulence and greedIn God you trust, my mummy dust  
Dust  
My mummy dustYour cavalier of crapulence  
To this feast of rapacity  
I'll murder you in treasures  
Just to feed your incapacityIn God you trust, my mummy dust  
Dust  
My mummy dust  
In God you trust  
My mummy dust  
Dust  
My mummy dustYou're the possessee of avarice  
I'm the ruler of the earth  
I will smother you in riches  
Till you choke on sordid mirth  
You are surrounded in cupidity  
From purulence and lust  
I'm the magnet for Stupidity  
Divine you feel my thrust  
And in God you trustIn God you trust, my mummy dust  
Dust  
My Mummy dust  
In God you trust, my mummy dust  
Dust  
In God we trust, my mummy dust  
In God we trust, my mummy dust  
In God we trust, my mummy dust
