

# Worms

## Yeast

THESE LYRICS ARE COMPLETELY WRONG

I know headaches are always  
Someplace on my mindBut your drug  
Just make it worse, love  
Little pains are just fineSometimes, medicine works well  
Chemicals help out, for sureBut your drug  
Just make it worse, love  
The treatment's worse than the cureBut when there's a rain fills the meadow  
The worm he can't be drownedAs long as the sun's in the heavens  
The worm stays underground  
But when there's a rain fills the meadow  
The worm he can't be drowned
