

Party on Fifth Ave (Nightmare & NICMOR Remix)

Mac Miller

Yeah, Ha ha ha ha ha

I think I see where you're goin' with this one EH
Hey, hey, been around the world and back, yeah I did that

Still kick raps that cause impact, so where's my kids at?

These muthafuckas hatin', soundin' funnier than Sinbad

I'm ill as the pills that they give you when you collapse

This, that, the other, kiss your mother with that mouth?

We the assholes that she warned you about

We just storm in your house open doors through a cloud

Got an assortment of styles, just be sure that it's wild

Six thirty in the mornin' and there still ain't signs of slowin' down

Twin sisters gettin' wasted so they both are down

It's goin' down, I thought I told you man

If you tryna to party let me see you raise your hand
There's a party on fifth ave, hit me if you tryna go

I can be there in like twenty

I'mma honk it and come runnin', cause we gotta hit the road

Make you sure you gotta clean shirt, clean pants, new shoes

We're just about there you choose

There's a party on fifth ave tonight

And that's what I'm tryna do
Hey, what's the difference between me and you?

When no one believe in you, I'm flyer than beetle juice

Don't count on the sheep to snooze, I'm fucked up off weed and booze

I party then sleep til noon, what every day people do

So haters see me improve just give me a week or two

See when you read the news, my bitches all sleepin' nude

My rhyme talent is why, my album is fly

Your favourite record, you gonna put it aside

This that old school shit soundin' good in the ride

And fuck ten, I'm only countin' to nine

Said this that old school shit, soundin' good in the ride

So let's head out to the party, I'll drive
There's a party on fifth ave, hit me if you tryna go

I can be there in like twenty

I'mma honk it and come runnin', cause we gotta hit the road

Make you sure you gotta clean shirt, clean pants, new shoes

We're just about there you choose

There's a party on fifth ave tonight

And that's what I'm tryna do
What's goin' on? There's a party

Hope the neighbours don't mind us gettin' loud

Homies to the left, all the ladies to the right

We came to get down, we gonna do that now
My light up shoes on, my light up shoes on

My light up shoes on
They love the way my kicks flash
This ain't a time to just sit back
Cause, there's a party on fifth ave
There's a party on fifth ave, hit me if you tryna go
I can be there in like twenty
I'mma honk it and come runnin', cause we gotta hit the road
Make you sure you gotta clean shirt, clean pants, new shoes
We're just about there you choose
There's a party on fifth ave tonight
And that's what I'm tryna do
