

Cominâ€™™ In Hot

Hollywood Undead

[Intro: Charlie Scene]

If you got Jack in your cup,

Go raise it up.

If you ain't got enough,

Go fill it up.[Chorus: Danny]

I'm gonna chase this whiskey with PÃ¡tron,

I want a girl on my lap and a JÃ¡gerbomb.

I'm coming in hot you heard me,

And I'mma make it rain on the girl who serves me.

I'll drink a fifth of Vodka till it's gone,

And if it feels so good then it can't be wrong.

I'm coming in hot you heard me,

And we be taking shots and if not you're nerdy.[Verse 1: Charlie Scene]

We only leave a pre-party to go party some more,

I'm already shitfaced before I walk in the door.

This girl's rubbing on my leg I never met her before,

And now she's making her way up to my gentleman's sword.

It might be the drugs talking or the shots of Patron,

But these bitches look like models and they're ready to bone.

I'll take them back to my parents' house we'll be Home Alone,

Slap them chicks and have them yelling like Macaulay Culkin.

She's tearing it up yeah she's dancing her ass off,

This girl's like a Mac the way she's riding my laptop.

I'm trying to get my rocks off so don't try to cock-block,

I'll grab my sawed-off and I'll blow your cock off.

You know we drink so much we're getting drunk for weeks,

We drink so much Goose we're turning into geese.

Me and my crew flap a 'V' through VIP,

These bitches play my skin flute like they're Kenny G.[Chorus: Danny]

I'm gonna chase this whiskey with PÃ¡tron,

I want a girl on my lap and a JÃ¡gerbomb.

I'm coming in hot you heard me,

And I'mma make it rain on the girl who serves me.

I'll drink a fifth of Vodka till it's gone,

And if it feels so good then it can't be wrong.

I'm coming in hot you heard me,

And we be taking shots and if not you're nerdy.[Brige: Charlie Scene]

If you got Jack in your cup,

Go raise it up.

If you ain't got enough,
Go fill it up.
If you had too much,
Don't throw it up.
And if you ain't got shit,
Throw your hands up.[Verse 2: Funny Man & Charlie Scene]
Get gone with it, there's nothing wrong with it,
Take shots, don't stop, sing along with it.
I wanna feel you bounce girl go up and down,
Take shots, won't stop till I'm passing out.
And girl get down you can have more,
And you can shake your hips around on my man's sword.
You're gonna have to rock this house I'm your landlord,
So let your sweat drip down on the dance floor.
I ain't trying to go home with nolla, nolla,
We can hit the dance floor when you wanna, wanna.
Girl you know you're feeling me so holler, holler.
'Cause everyone compared to me is nada, nada.
Okay dawg this has gone on for way long,
I can't quit my day job till I'm played on K-Rock.
It's chaos I'm in the club with my shades on,
And I'm about to Smack That like I'm Akon! [Chorus: Danny]
I'm gonna chase this whiskey with PÃtron,
I want a girl on my lap and a JÃgerbomb.
I'm coming in hot you heard me,
And I'mma make it rain on the girl who serves me.
I'll drink a fifth of Vodka till it's gone,
And if it feels so good then it can't be wrong.
I'm coming in hot you heard me,
And we be taking shots and if not you're nerdy. [Brige: Charlie Scene]
If you got Jack in your cup,
Go raise it up.
If you ain't got enough,
Go fill it up.
If you had too much,
Don't throw it up.
And if you ain't got shit,
Throw your hands up.
If you got Jack in your cup,
Go raise it up.
If you ain't got enough,
