

Women of Today

Faith Rivera

We are mothers
We are daughters
We are sisters
We are friends
We are teachers
We are leaders
We are women
Hear us sing

We are beauty
We are gracefulness
To all who
Come our way
Our hearts are soft
Our spirit's strong
We are the women of today
We are the voices of today
We are the spirit of today

We are white
We are black
We are all colors
In between
We are young
We are old
We're bound by
Vision, bound by Dreams

We are timeless
We are present
We're the future
Here today
Our hearts are soft
Our spirit's strong
We are the women of today
We are the voices of today
We are the spirit of today
We are the women of today

We are the Spirit of today

Today our love will heal our brothers
Bring us back to one another
Let us be the way back to the wonder

We are the women of today

We are purpose
We are perfect
We are present
We are here
To love you as you are

We are courage
We are passion
We are still

Our hearts are soft
Our spirit's strong
We are the women of today
We are the voices of today
We are the spirit of today
We are the women of today
We are the spirit of today

We are mothers, We are daughters
We are sisters, We are friends
We are white, We are black
We are young, We are old
We are timeless, We are present
Our hearts are soft, Our spirit's strong
We are teachers, We are leaders
We are beauty, We are grace
