Matchbox 20

It's amazing
How you make your face just like a wall
How you take your heart and turn it off
How I turn my head and lose it all
It's unnerving
How just one move puts me by myself
There you go just trusting someone else
Now I know I put us both through hell
I'm not saying there wasn't nothing wrong
I just didn't think you'd ever get tired of me
And I'm not saying we ever had the right to hold on
I just didn't wanna let it get away from me
But if that's how it's gonna mean
Straight out from underneath
Then we'll see who's sorry now
If that's how it's gonna stand when
You know you've been depending on
The one you're leaving now
The one you're leaving out
It's aggravating
How you threw me on and you tore me out
How your good intentions turned to doubt
The way you needed time to sort it out
And I'm not saying there wasn't nothing wrong
I just didn't think you'd ever get tired of me
And I'm not saying we ever had the right to hold on

I just couldn't never let you get away from me
But if that's how you're gonna leave
Straight out from underneath
Then we'll see who's sorry now
If that's how it's gonna stand when
You know you've been depending on
The one you're leaving now
The one you're leaving out
The one you're leaving now, now, no, no
The one you're leaving out
I'm not saying there wasn't nothing wrong
I didn't think you'd ever get tired of me

But if that's how you're gonna leave
Straight out from underneath
Then we'll see who's sorry now
If that's how it's gonna stand when
You know you've been depending on
The one you're leaving now, now
Hell, well, tell me is that how it's going to end?
When you know you've been depending on
The one you're leaving now
And the one you're leaving out
I'm the one you're leaving now
The one you're leaving out
