

Old Fashioned Love

[Shaimus](#)

Old fashioned love, you stole my heart again, again
Old fashioned love, I miss the way it's been, it's been
Do you feel alone
Or is it just me
Who's on my own
Old fashioned love, you led me on back then, why not again
Do you feel alone
Or is it just me
Who's on my own
Old fashioned love, you broke my heart back then, please not again
Please, please, not again
Don't break my heart, no, not again
You broke my heart, broke my heart
Not again, not again
Old fashioned love
