

Countdown

Yeah Yeah Yeahs

Trailer red like the sea
Well I'm the son of a crowded bed
Find your love's gonna count for me
Your love that breathes, breeds Gonna paste up our damn heads
We're gonna drop, gonna drop, gonna count for me
Your love that breathes, breeds
Your love that's catchin' the breeze Son of a crowded bed
Son of a cloudy night
We'll find your love's gonna count for me
Your love's gonna count for me We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown, yeah Waitin' for a chance to pass
Some ho say, some say, now go
Lookin' for a chance for speed
Well a love that breathes, breeds High time getting past black
Gonna drop, gonna drop, gonna count for me
Your love that breathes, breeds
Well your love that's catchin' the breeze Son of a crowded bed
Son of a cloudy night
Find your love's gonna count for me
Your love's gonna count for me We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown
We'll countdown, we'll countdown, yeah
