Countdown

Yeah Yeah Yeahs

Trailer red like the sea

Well I'm the son of a crowded bed

Find your love's gonna count for me

Your love that breathes, breedsGonna paste up our damn heads

We're gonna drop, gonna drop, gonna count for me

Your love that breathes, breeds

Your love that's catchin' the breezeSon of a crowded bed

Son of a cloudy night

We'll find your love's gonna count for me Your love's gonna count for meWe'll countdown, we'll countdown

We'll countdown, we'll countdown

We'll countdown, we'll countdown

We'll countdown, we'll countdown, yeahWaitin' for a chance to pass

Some ho say, some say, now go Lookin' for a chance for speed

Well a love that breathes, breedsHigh time getting past black

Gonna drop, gonna drop, gonna count for me

Your love that breathes, breeds

Well your love that's catchin' the breezeSon of a crowded bed Son of a cloudy night

Find your love's gonna count for me

Your love's gonna count for meWe'll countdown, we'll countdown

We'll countdown, we'll countdown

We'll countdown, we'll countdown

We'll countdown, we'll countdown We'll countdown, we'll countdown

We'll countdown, we'll countdown

We'll countdown, we'll countdown

We'll countdown, we'll countdown, yeah
