Sing for Me

Yellowcard

Look at me and listen close
So I can tell you, how I feel before I go
Just a year, it's not much time
For me to show you, I am proud that you are mineI wish I had known
The future in my heart

Was just about to startSay tomorrow, I can follow you there
Just close your eyes and sing for me

I will hear you, always near you

And I'll give you the words, just sing for meEvery lock on every door

I put them there to try and hide you from the world

And you kicked, yeah, you screamed

You never understood you're everything to meI just hope you know

The future in your heart

Is just about to startSay tomorrow I can follow you there

Just close your eyes and sing for me

I will hear you, always near you

And I'll give you the words, just sing for meNo looking back when I am gone (Sing for me)

Follow your heart it's never wrong

(Sing for me)

No looking back when I am gone

(Sing for me)

Don't second guess the note you're onOut of time, all out of fight

You are the only thing

In life that I got rightSay tomorrow, I can follow you there

Just close your eyes and sing for me

I will hear you, always hear you

And I'll give you the words, just sing for meJust close your eyes and sing for me (Sing for me)

Just close your eyes and sing for me
