

Jet Black River

Frank Black & The Catholics

Jet black river, take me on
Whats in between is waiting on me
Revealing caffeine ghosts And giving up its gasoline
I think I see the stacks of my home blow
Sweet memories of dirty monochrome
But once again tonight we sing Jet black river's calling me
Jet black river's calling me
Jet black river's calling me
Jet black river's calling me Now, ooh
(Jet black river's calling me)
Now, ooh
(Jet black river's calling me)
