

Thought Wrong

Bear Hands

I thought we were in love
But you proved me wrong
I thought we were in love
But now you're gone
Havent heard from you
since august 17th
ruined by the blues
i count the days now
stay proud
truth is useless
looking back at us
just imagine i thought we were in love
But you proved me wrong
I thought we were in love
But now you're gone
can you believe
that i believed
that we were in love all along
try to see it my way
you would say the same things
m,ake the mistakes
find the silver lining
you would change what you hate about us.
