Out To Get Me

Clawfinger

They're out get me
I can't escape 'cos they won't let me
They won't forget me
They'll get me in their grip and sweat meThey'll wait me out
And then move in under my skin
They'll make me doubt
They're out to make me let them inI can't escape them
There's nowhere I can run and hide
Make one mistake and
That's when they work their way insideThey'll try and take me
They'll break me down and suck me dry
I can't let them shape me
They'll make me up and make me cryThey're out to get me
I want to leave but they won't let me out
They're out to get me
I want to leave but they won't let me outThey won't forget me
They'll get me in their grip and sweat me out
They're out to get me
I want to leave but they won't let me outThey're out to get me
They're out to get meThey're gonna hit me
Cuff me up and then bullshit me
Then they'll outwit me
Dress me up and make it fit meThey'll lock the door now
Keep it shut and throw away the key
They'll turn the lights out
What no one knows, nobody seesThey're out to get me
I want to leave but they won't let me out
They're out to get me
I want to leave but they won't let me outThey won't forget me
They'll get me in their grip and sweat me out
They're out to get me
I want to leave but they won't let me outThey're out to get me
They're out to get me
They're out to get meThey're out to get me
I want to leave but they won't let me out
They're out to get me
I want to leave but they won't let me outThey won't forget me
They'll get me in their grip and sweat me out
They're out to get me

I want to leave but they won't let me outThey won't forget me
