The Whole World

The Muffs

You never know what you wanna do, feeling sad and feeling blue
And they all say you're happy too
when I come around there's nothing to doYou went away I don't care you spend the day in your underwearMr crazy what are you doing when they're talking to you
Mr crazy what do you do when the whole world is looking at you
Ooh the whole world is looking at youA lovely poinsettia in your place better than your funny face
I see you're down this time I know maybe you will never ever goYou went away I don't care you spend the day in your underwearMr crazy what are you doing when they're talking to you
Mr crazy what do you do when the whole world is looking at you
Ooh the whole world is looking at youYou did what you wanted to slower than slow
You are a lovely creature but they don't care it doesn't matter at all[solo]You went away I don't care you spend the day in your underwearMr crazy what are you doing when they're talking to you
Mr crazy what do you do when the whole world is looking at you
Ooh the whole world is looking at you
Ooh the whole world is looking at you
Ooh the whole world is looking at you
