

Beating of Hearts

XTC

Do you know what noise awakes you
Every morning from your bed
A coming from the farthest hillside
A coming from inside your head You have heard
You have heard the loudest sound
In this and every world you can think of Louder than tanks on the highway
Louder than bombers in flight
Louder than noises of hatred
Dancing us from darkest night is the rhythm of love
Powered on the the beating of hearts And did you know you had this power?
Drumming on it always stays
Never try to use it badly
Tunes of good are all it plays And you have heard
You have heard the loudest sound
In this and every world you can visit Louder than tanks on the highway
Louder than bombers in flight
Louder than noises of hatred
Dancing us from darkest night is the rhythm of love
Powered on the the beating of hearts For a heart without love is a song with no words
And a tune to which no one is listening
So your heart must give love and you'll find that you shine
Like the rain on the leaves, you'll be glistening You have heard
You have heard the loudest sound
In this and every world you can think of Louder than thoughts of dictators
Louder than rattling swords
Louder than loading of rifles
Louder than screaming warlords Louder than tanks on the highway
Louder than bombers in flight
Louder than noises of hatred
Dancing us from darkest night is the rhythm of love
Powered on the the beating of hearts
