

Remote Control

The Clash

Who needs remote control?
From the Civic Hall
Push a button
Activate
You gotta work and you're lateIt's so grey in London town
Panda car crawling around
Here it comes
Eleven o'clock
Where can we go now?Can't make no noise
Can't get no gear
Can't make no money
Can't get outta hereBig business, it don't like you
It don't like the things you do
You got no money
So you got no power
They think you're useless
And so you are, punkThey had a meeting in Mayfair
They got you down and wanna keep you there
It makes them worried
Their bank accounts
It's all that matters
You don't countCan't make no progress
Can't get ahead
Can't stop the regress
Don't want to be deadLook out, those rules and regulationsWho needs the Parliament?
Sitting making laws all day
They're all fat and old
Queuing for the House of LordsRepression, gonna start on Tuesday
Repression, gonna be a Dalek
Repression, I am a robot
Repression, I obey
