

# Guess I'll Go Away

## Johnny Winter

Hey, can't stop thinking about you  
Wondering why you're not around  
Can't keep doing without you  
Pack my things and leave this town I've been thinking, hey about you  
Can't keep doing without you  
Getting tired, not feeling better  
Ain't got time to show you  
Girl, how well I know you  
I guess I'll go away Hey, hey, hey  
Yeah Can't keep waiting on you  
Get to know as to what you know  
Time to jump upon you  
Darling what are you waiting for  
Can't keep waiting on you  
I'm gonna jump upon you  
Getting time for revolution Hey, ain't got time for playing  
Just like I've been saying  
I guess I'll go away Ain't gonna put me through it  
I don't have to live this way  
You can't hold me to it  
Gonna make my get away Ain't gonna put me through it  
You can't hold me to it  
Can't get no satisfaction, yeah  
Everything you're doing  
Drive me to ruin  
I guess I'll go away Hey, hey, hey
