

Thinking Of You

Loggins & Messina

Something inside of me won't let me begin the day
Something inside of me is making it hard to say
Whenever you're near me, you got me thinking of you
Something about your eyes won't let me look away
Something about your smile that's making it hard to say
Whenever you're near me, you got me thinking of you
You know, you got me singing a song
Whenever you're around me I just want to belong
To you, I would give all of my love
I wish that I could tell you all what I'm thinking of
You know, you got me singing a song
Whenever you're around me I just want to belong
To you, I would give all of my love
I wish that I could tell you all what I'm thinking of
Something about your eyes won't let me look away
Something about your smile that's making it hard to say
Whenever you're near me, you got me thinking of you
Whenever you're near me, you got me thinking of you
Oh whenever you're near me, you got me thinking of you
