Strugglin'

Tricky

Tricky
In hell I'll be lost in the layers of weakness
All around the surface brainwashed with the cheapest
Strugglin strugglin strugglin
Brainwashed with the
Hallucinagenics in my system
I cock the trigger
Many switch in
Switch on, switch off
Martina
Here I'm lost
Tricky
I'm lost
Martina
In the name of weakness
Tricky
Brainwashed
Martina
All around the surface brainwashed with the cheapest
Exhausted by the mundane
Simplicity no longer plain
Tricky
Strugglin, strugglin
Martina
Strugglin, strugglin with the insaneTricky
I'm strugglin
Strugglin with the insane
I'm strugglin strugglinMartina
Darkness and warmth
Obvious and mysterious
Magical colors
Tricky
Mystical shadows
Martina
Mystical shadows
Thought with no meaning
Tricky
They say I'm insane
Martina

Label me insane
Tricky
But I'm more normal than most
Martina
But I'm more normal than most
Strugglin so hard
Tricky
I just need to remain
'Cause I'm strugglin
Martina
To remain
Tricky
I know I'm the truth
Martina
'Cause we are the truth
See what we want to see
Tricky
Please, please tell me what I want to hear
Martina
Hear what we want to hear
Strugglin so hard
Tricky
I'm strugglin
Martina
I took a ride, yeah
Tricky
Roll with the bullets to survive to survive to survive
Self preservation
Martina
Roll with the bullets
Just to survive
Tricky
Self preservation
Martina
Self preservation
Tricky
Keeps the crowd alive
Martina
Keeps the crowd aliveTricky
Strugglin strugglin
They they say I'm insane
I'm strugglin strugglin
They say I'm insaneMartina
Strugglin
Tricky

I'm more normal than most
Martina
Strugglin
Tricky
I'm just strugglin
Martina
Strugglin
Tricky
Mythical shadows
Martina
Strugglin
Tricky
Mysterious the obvious
Martina
Strugglin
Tricky
They say im insane I'm strugglin
Martina
StrugglinTricky
Switch in, switch on, switch off
I'm lost in contradiction
Feed me my visuals
A flashback a flashback from way back
I'm strugglin strugglin
Do you know what its like to struggle?
Do you do you have you have you ever had to struggle?
Strugglin strugglin
Roll with the bullets to survive
Strugglin strugglin strugglin to remain
They label me insane
But I'm i'm i think I'm more normal than most
Strugglin with the remains
Brainwashed with the cheapest
And if pain makes me stronger
Then how am I stronger?
There's a fate for the late
But the late must wait longer
Strugglin strugglin
Roll with the bullets to survive
Self preservation keeps the crowd alive
Strugglin
In hell I'll be lost in the layers of weakness
All around the surface brainwashed with the cheapest
In hell I'll be lost in the layers of weakness
All around the surface brainwashed with the cheapest

Exhausted with the mundane
Simplicity means no longer plain
Strugglin with the insane
Darkness and warmth
The obvious and mysterious
Magical colors, mythical shadows
Half thought with no meaning
They label me insane X3
