## Tricky

Tricky  
In hell I'll be lost in the layers of weakness  
All around the surface brainwashed with the cheapest  
Strugglin strugglin strugglin  
Brainwashed with the  
Hallucinagenics in my system  
I cock the trigger  
Many switch in  
Switch on, switch off  
Martina  
Here I'm lost  
Tricky  
I'm lost  
Martina  
In the name of weakness  
Tricky  
Brainwashed  
Martina  
All around the surface brainwashed with the cheapest  
Exhausted by the mundane  
Simplicity no longer plain  
Tricky  
Strugglin, strugglin  
Martina  
Strugglin, strugglin with the insaneTricky  
I'm strugglin  
Strugglin with the insane  
I'm strugglin strugglinMartina  
Darkness and warmth  
Obvious and mysterious  
Magical colors  
Tricky  
Mystical shadows  
Martina  
Mystical shadows  
Thought with no meaning  
Tricky  
They say I'm insane  
Martina

Label me insane  
Tricky  
But I'm more normal than most  
Martina  
But I'm more normal than most  
Strugglin so hard  
Tricky  
I just need to remain  
'Cause I'm strugglin  
Martina  
To remain  
Tricky  
I know I'm the truth  
Martina  
'Cause we are the truth  
See what we want to see  
Tricky  
Please, please tell me what I want to hear  
Martina  
Hear what we want to hear  
Strugglin so hard  
Tricky  
I'm strugglin  
Martina  
I took a ride, yeah  
Tricky  
Roll with the bullets to survive to survive to survive  
Self preservation  
Martina  
Roll with the bullets  
Just to survive  
Tricky  
Self preservation  
Martina  
Self preservation  
Tricky  
Keeps the crowd alive  
Martina  
Keeps the crowd aliveTricky  
Strugglin strugglin  
They they say I'm insane  
I'm strugglin strugglin  
They say I'm insaneMartina  
Strugglin

Martina  
Strugglin  
Tricky

Martina  
Strugglin  
Tricky  
Mythical shadows  
Martina  
Strugglin

Martina  
StrugglinTricky  
Switch in, switch on, switch off  
I'm lost in contradiction  
Feed me my visuals  
A flashback a flashback from way back  
I'm strugglin strugglin  
Do you know what its like to struggle?  
Do you do you have you have you ever had to struggle?  
Strugglin strugglin  
Roll with the bullets to survive  
Strugglin strugglin strugglin to remain  
They label me insane  
But I'm i'm i think I'm more normal than most  
Strugglin with the remains  
Brainwashed with the cheapest  
And if pain makes me stronger  
Then how am I stronger?  
There's a fate for the late  
But the late must wait longer  
Strugglin strugglin  
Roll with the bullets to survive  
Self preservation keeps the crowd alive  
Strugglin  
In hell I'll be lost in the layers of weakness  
All around the surface brainwashed with the cheapest  
In hell I'll be lost in the layers of weakness  
All around the surface brainwashed with the cheapest

Exhausted with the mundane  
Simplicity means no longer plain  
Strugglin with the insane  
Darkness and warmth  
The obvious and mysterious  
Magical colors, mythical shadows  
Half thought with no meaning  
They label me insane X3
