

Da Strike

Millencolin

Strike, strike, strike, strike
Strike, strike, strike, strike You strike, get pissed that is just the way it is
Use your nose to the Millencolin funk sound
We are just a couple of bogus bowlers hangin' out
Tonight leavin' all the girls behind
The funk Millencolin sound So what's a girl compared to a perfect game
I guess a lot if you find the right one
If I had to choose between a bowl and you
I'm not tellin' you, you're taking it the wrong way I love the feeling that I get when I strike
That's the only time I feel alive
Don't need you baby, just need to strike
I love the feeling that I get when I strike You are in trance when you slick into the area
You pass the sa, taking off your Puma
The way we bowl is cleaner then the other styles
It's pro but say we're doin' it the wrong way
We're doin' it the wrong way So I guess you must be crazy to be bowlin'
Like we do it's cool, we're doin' it the wrong way
No fools, no girls, just the rude boys from the South
Kickin' it, slickin' it, trickin' it again I love the feeling that I get when I strike
That's the only time I feel alive
Don't need you baby, just need to strike
I love the feeling that I get when I strike Yes, that's right, bowlin' is alright
The only time I feel alive is when I'm hangin' at the house
That's right, pass me those shoes
I'm ready for the perfect game so watch me shoot If you get upset and you don't understand
It's quite alright just follow your instincts
Physical activity is the way to free your mind
So get on your feet and bowl to the funky beat Bowl to the funky beat
Bowl to the funky
Bowl to the funky, bowl to the funky beats
