

Dada

Superhumanoids

Fear and doubt
Drown you out
When you say
Im wonderful
Watch your mouth
Talk about
An up and down
Swimingpool
Things you say
Sound so brave
An optimist
Still a fool
Watch your face
On videotape
It changes me
I want someone who's not afraid
A single flower on a grave
Fear and doubt
Won't allow
Us to feel
Untouchable
Did a drought
Dry you out
An up and down
Swimming pool
Who can say
Whose been betrayed
Slippery
Impossible
See your face
On video tape
It changes me
I want someone who's not afraid
A single flower on a grave
Let go of all the changing shapes
And as something will decay
