Everything Revolves

Daily Planet

Caught in the nick of time
Of trying to make up my mindQuestioning my worldview
Until all I see is YouCHORUS
When everything revolves around You
Then everything will be alright
When everything revolves around You
And I finally can see You've got the best of meOrbiting 'round Your globe
Your gravity takes holdYou're getting bigger in my view
Until all I see is YouREPEAT CHORUS
Oh my love, You bring me clarity amidst the chaos
And above all else you keep me writing songs about You
I could just keep going on and on and on and on and on againREPEAT CHORUS
