Call Me Your Man (feat. Seth Boone)

Myles Nelson

Verse:
So what if I call you my girl
Is it really gonna change your world?
Nah, youâ€™ll be alright
Cos anybody else would love to be called mine
So what if Iâ€™m being too nice
I think itâ€™s bout time we break that ice
Yeah like that one night
You know when we first met
And everything was just fine

Chorus:
Girl, stop acting so damn crazy
Just go ahead and take me
And give us a chance
You, keeping acting like youâ€™re angry
Stop being so damn shady
And let me change your plans
Cos itâ€™s bout to be one damn hell of a night
And I ainâ€™t ending this thing without a fight
Iâ€™m going to do every that I can
Til you call me your man
Til you call me your man

Verse 2:
So what if I text you too much
I just like to talk about stuff
Yeah I like to be sweet
That should tell you right there Iâ€™m the one you should keep.
So what if I fall in love
That donâ€™t mean that you gotta run
Nah, we can make it all work
There ainâ€™t no sense anybody getting hurt

Bridge:
I thought about knocking on your front door.
Even though you said donâ€™t come no more
Just to tell you these few words
