

End of the Rainbow

Barry Gibb

So walk away slowly
Don't look back in anger
No rhyme and no reason
Has ever been clear
But today is tomorrow
Winters are summers
And the end of the rainbow is near
So live on the laughter
Walk through the darkness
Time of the seasons
And nothing to fear
But today is tomorrow
Winters are summers
And the end of the rainbow is here
Goodbye amigo, my fair-weather friend
From humble beginnings
And right to the end
We dwell on all the glories and stories untold
Memories old re-appear
So today is tomorrow
Winters are summers
And the end of the rainbow is here
So set your eyes on the distant horizon
We think of each other this time of the year
So the autumn is the springtime
And the winter is summer
And the end of the rainbow is near
