

Golden Tom & “ Silver Judas

The New Basement Tapes

Save it today, makes up for what yesterday lack
And it must be some old adverb, that is a fact
Can't talk to anybody, don't know just how they react
Wait and see, then go precise and exact

How can today make it through yesterday?
Before we break up, guess you would stay

Buffalo Bill wouldn't have known what to do
He'd be glad, just one look
Just be good with your children
Don't know what to do with it
Just want to tell you it's me
So I say don't take it, Judas and leave her

How can today make it through yesterday?
Now that we break up, guess you would stay

Go and talk to possible Judas
It's so hard to say who's the worst of the two of us
So don't brew, there's no fraud in this feud
I don't know, I don't know
I don't know what to do

How can today make it through yesterday?
Now that we break up, wish you would stay

How can today make it through yesterday?
Now that we break up, wish you would stay
