

Voodoo Kiss

Mr. Big

I've got the full moon fever
A black cat cut across my path
Put a little spell on me mademoiselle
I want somebody to love me back
I need somebody to love me bad Dig deep in the Mojo
Bad luck running through my veins
Cook up some Bontemps medicine
To drive this curse away
To drive this curse away, yeah yeah, yeah A touch of sweet and nasty
A blind man couldn't miss
A Creole sister man you can't resist her
When she's soft against you lips-Voodoo kiss
Kiss me on the lips
Can heaven be like this-Voodoo kiss Down by the river at midnight
You hear the rattle and roll of those chicken bones
A white haired women and a one eyed Jack
Mix me up a batch of that love flambeaux
I want a batch of that love flambeaux I gave her half my money
She wanted just a little more
If you pay the price then tonight's your night
You get what you pay for
You'll get what you pray for
Oh yeah I want a touch of sweet and nasty
A blind man couldn't miss
A Creole sister man you can't resist her
When she's soft against you lips-Voodoo kiss
Can heaven be like this-Voodoo kiss Fox's got that Mojo workin'
Mr. Big easy!...
A hot blooded angel
