Say You'll Stay

Kai

Tonight, we're all alone tonight,
theres never been a moment
that trembles like tonight.
I read ur eyes tonight,
I see a love I always known
From another time
That once again is mine,I need to know
are u real?
Do u feel the way I feel?
Could u love?
Like I love you
say u can and
say u do[chorus 1]
Say you'll stay,
Say your sure,
Say my heart was made for yours.
Let our love lead the way
Say you'll stay (say you'll stay).Tonight i've waited for tonight
I waited all my life
To be where we are
With you in my arms
I cant believe
how you shine
Is this moment really mine?
Could u love like I love you?
say u can and
say u do[chorus 2]
Say you'll stay
by my side,
say its more than just tonight
say you'll know
whenever let u are the wind and
ill never walk away[chorus 1]say ull stay forever in my arms
and whenever tears are falling girl,
ill kiss them all away (i will kiss them all away)
so if u wanna be my lady,
say you'll stay[chorus 2]Say ull stay
say ur sure
say my heart was made for urs

let our love lead the way
say ull stay (say ull stay)say ull stay
STAY..
