Jimmy

Boney M.

Jimmy, my heart is full of love, only true love
And its wisdom and visions are you
(Baby, baby, there's no returning)Jimmy, there's words unspoken and unbroken
Only you can ensure everlasting
(Baby, baby, my love is you)Jimmy, I would like to drive your car
It don't matter how long, how far
Jimmy, you can have my loving heart and key and allJimmy, I would like to wear your ring
All your love songs, I sure will sing
Jimmy, you can have my loving heart and key and allJimmy, if you only knew all that I felt for you
You wouldn't question me with a doubtJimmy, my heart is full of love, only true love
And its wisdom and visions are you
(Baby baby, there's no returning)Jimmy, there's words unspoken and unbroken
Only you can ensure everlasting
(Baby baby, my love is you)Jimmy, I would like to drive your car
It don't matter how long, how far
Jimmy, you can have my loving heart and key and allDeep and deeper I keep falling, falling in love with you
Even in times of hard depression, I stay in love with only youJimmy, I would like to drive your car
It don't matter how long, how far
Jimmy, you can have my loving heart and key and allJimmy, I would like to wear your ring
All your love songs I sure will sing
Jimmy, you can have my loving heart and key and all
