Deep Calling Deep

Margaret Becker

In this ocean of my soul,
There's a voice that calls and calls.
Calls to you night and day,
Using words I cannot say.
They are words of waiting,
Words of want,
Without you, I'm undone.

Calling to deeper love,
Calling to higher truth,
Calling to anything that leads me,
Deeper and farther on with you.
Calling to deep,
Calling to deep, calling deep.

When you hear me on the wind,
Hope you'll pull me closer in.
When you see me in the night,
Hope you'll lead me with your light.
I want to be near you,
Want to be known,
Want my deep to find its home.

Calling to deeper love,
Calling to higher truth,
Calling to anything that leads me,
Deeper and farther on with you.
Calling to higher love,
Calling to all that's true,
Calling to anything that leads me,
Deeper and farther on with you.
Calling to deep, calling deep,
Calling to deep, calling deep,
Calling to deep, calling deep.
Calling to deep.

I'm calling, I'm calling, I'm calling,
Calling.... to deeper love,
Calling to higher truth,
Calling to anything that leads me,

Deeper and farther on with you.
Calling to higher love,
All that's the truth.
Calling to anything that leads me and
Farther on with you.
I'm calling to deeper love.
