

Body Heat

Selena Gomez

I'm burning, I'm ready to surrender
Like a diamond, I need a little pressure
So press me down, till I scream
If you're the flame, I'm kerosene
I'm burning up, baby, babyAll I need, all I need is your body heat
Right next to me
All I need, all I need is your body heatOh, oh my God it feels amazing when you hold me close
Know me like the summer, baby don't let go
I got body heat
(give it to me, give it to me)I'm burning up, baby
Got body heat
All I want is your body
Got body heat
Burn it up, burn it up
So give it up, give it up
All I need, all I need is your body heatI'm restless, craving your attention
My red lips have found a new obsession
Let's go all night, just you and me
If you're the flame, I'm kerosene
I'm burning up, baby, babyAll I need, all I need is your body heat
Right next to me
All I need, all I need is your body heatOh, oh my God it feels amazing when you hold me close
Know me like the summer, baby don't let go
I got body heat
(giv it to me, give it to me)I'm burning up, baby
Got body heat
All I want is your body
Got body heat
Burn it up, burn it up
So give it up, give it up
All I need, all I need is your body heatAll I need, all I need is your body heat
Right next to me
All I need, all I need is your body heat
Right next to meI'm burning up, bruning up
yeah, right there I like it
Your body, your body, your body right next to me
I'm burning up, burning up
Yeah, right there I like it
Your body, your body, your body right next to meWe're connected by the sun

And all of the stars above
You melt me and my body feels no shame
And I don't care tonight
If it burns too bright
Because baby that's why I came All I need, all I need is your body heat
Right next to me
All I need, all I need is your body heat
Right next to me(la-la)
(hahaha)
(woh-woh-woh)
(woh-woh-woh)
(hey-hey)
(la-la-woh-woh-woh)Bring your body, bring your body, bring your body right next to me All I need, all I need is
your body heat
Right next to me
All I need, all I need is your body heat Oh, oh my God it feels amazing when you hold me close
Know me like the summer, baby don't let go
I got body heat
(giv it to me, give it to me)I'm burning up, baby (oh baby)
Got body heat
All I want is your body (bring your body right next to me)
Got body heat
Bring your body, bring your body
Bring your body, bring your body, bring your body right next to me
(give it to me, give it to me)Body heat
All I need, all I need is your body heat
Body heat
Burn it up, burn it up
All I need, all I need is your body heat
