Forever Unstoppable

Hot Chelle Rae

Forever unstoppable
Forever, forever, forever unstoppableFalling stars don't crash through your window
If you want it, go get it, it's meant to be chased
All your scars won't heal till you let go
You're perfectly worth it, forget your mistakes
If you wanna fly, leave this world with me
we'll touch the sky, let's defy this gravity
hold on to me tight, when it all falls downYou can take my heart, if yours won't beat
we're forever unstoppable
if you're torn apart, I'll make you see
that nothing's impossibleWhen you're broken, and you're shattered
love will save you from disaster
You can take my heart, if yours won't beat
we're forever, forever, forever unstoppableYeah we've both been touched by the same flame
don't worry, I've got you, I won't let you burn
you and I got played by the same game
We're in it together, for better or worse
If you wanna fly, leave this world with me
we'll touch the sky, let's defy this gravity
hold on to me tight, when it all falls downYou can take my heart, if yours won't beat
we're forever unstoppable
if you're torn apart, I'll make you see
that nothing's impossibleWhen you're broken, and you're shattered
love will save you from disaster
You can take my heart, if yours won't beat
we're forever, forever, forever unstoppableThere's a feeling inside you,
just dying to break through,
open up and set it free
we're on a horizon
just look in my eyes and you'll seeWhen you're broken, and you're shattered
love will save you from disasterYou can take my heart, if yours won't beat
we're forever unstoppable
if you're torn apart, I'll make you see
that nothing's impossibleWhen you're broken, and you're shattered
love will save you from disaster
You can take my heart, if yours won't beat
we're forever, forever, forever unstoppable
we're forever, forever, forever unstoppable
we're forever, forever, forever unstoppable

forever unstoppable
forever unstoppable
forever unstoppable
forever unstoppable
