The Right Place

Bryan Adams

If it's lovin' that you want, well, it's lovin' you'll receive
'Cause you've come to the right place, baby
Yeah, the door is always open if you need some company
You've come to the right place, baby
Heaven knows
That I can't read your mind
We can turn it around
Darlin', one step at a time
Angel
Oh, angel can't you see
That I can't live without you
So baby won't you help me please
When there's no one left to trust, well, I think that you'll agree
That you've come to the right place, baby
When you're down on your luck, oh, just look around you'll see
That you've come to the right place, baby
Sometimes you don't know
What you've got until it's gone
But didn't you look around
And it was right there all along
'Cause angel, angel
You got to understand
That I don't want to be without you
Oh, won't you help me if you can
I ain't askin' for the world, I just want you to believe
That you've come to the right place, baby
When there's no one else to hold you, well, I'll be there, yes, indeed
Oh, you've come to the right place, baby
Yeah, you've come to the right place
Oh, you've come to the right place, baby
Yeah, you've come to the right place
Yes, indeed
