Burner

MotÏ†rhead

Riots in the burning street, crystal night outside
Brutal music in the night, enough to make you cry
Nobody knows how it is to sleep and drown the world
I am the midnight snake to bite your little girls
Outside in the distance, the city in the fire
See the houses burning down, mile after mileI don't think you know about your future yet
And I don't think you're gonna like the one you're gonna get
Ghost rider in the skyBurnerLight outside my windows, victims on the floor
Rats in all the bedrooms, thunder at the door
Nobody knows anything, kill and wear a smile
Here come the pirates, baby, don't you touch that dial
You ain't gonna hurt me, you won't put me down
This ain't no circus and I sure don't need no clownsI will be the one that you can't be
I will see things that you can't see
Demons blind your eyesBurnerBeat me like hammer, baby, stick me like a pig
Throw me to the lions, honey, wear me like a wig
I am not the only one to walk into the fire
I would rather burn then let them make me be a liar
I cannot be beaten, I cannot be like you
I cannot be otherwise, no matter what you doI am the voice of broken glass
I am the voice to drive you mad at last
I am the truth, the liar turned aroundBurner
Burner
Burner
Burner anyway
