Slipstream (feat. Jason Lytle)

The Crystal Method

Well we heard you got caught in the slipstream,
then you found your way back to the bad dream.
Well it's a good thing you are still breathin'.
Well I'd say it's time to be leavin'.So long,
ConAir-Con!So long,
ConAir-Con!Well we heard you got lost in a bad scene,
but we all know nothin's as it seems.
Yeah we heard you got caught in the slipstream,
And it's the last time you were ever seen.So long,
ConAir-Con!So long,
ConAir-Con!It's a good day to fly today.
There's a halo above your head.
It's a good day to fly today.
There's a halo above your head.It's a good day to fly today.
There's a halo above your head.
Yeah it's a good day to fade away.
Oh yeah... oh yeah... yeah...Air Con...So long,
ConAir-Con!Cause they'll wanna go,
And now we'll never know...
Oh where, oh where, did Air Con go?So long,
ConAir-Con!So long,
ConAir-Con!So long,
ConAir-Con!So long,
ConAir-Con!
