

# Free and Easy Take 2

## The Brian Jonestown Massacre

Early in the morning  
I went out walking in the rain  
Hoping it would cleanse me  
Of this deep and awful pain  
I'm feeling Free and easy  
Feeling easy while I can  
'Cause I've got no expectations, darlin'  
Of loving anyone again  
Half way through the evening  
Just before you ran away  
I could tell that you was leaving  
But the words you could not say  
You're feeling  
Free and easy  
Feeling easy while you can  
'Cause you've got no expectations, honey  
Loving anyone again No you got no expectations, darlin'  
Loving anyone again (And you got no expectations)
