Blurred Visions

Cadaver

You're gasping for breath
Your heart stops to beat
You'd enter your death
And your soul would releaseYour death'll have to wait
I choose your fate
You'll find no rest
When your body lies in the chestI pulverise your dreams
Resurrect you without limbs
No one hears your screams...Blurred visions
Of a life to be
An existence pain
To last eternallyYour death'll have to wait
I choose your fate
You'll find no rest
When your body lies in the chestI manipulate your will
And you won't hesitate
When I order you to kill
