

I'm Worried

Fleetwood Mac

I'm worried, worried as a man can be
I'm worried, worried as a man can be
I'm worried 'bout my baby, she gone away from me Well I'm worried about my baby and I wonder why she
gone
I'm worried about my baby and I wonder why she gone
I hope some day my baby love will return Well I hope some day my baby love will return
I hope some day my baby love will return
If she don't come back to me my whole life will go to ruin I'm worried, worried as a man can be
I'm worried, worried as a man can be
I'm worried 'bout my baby she gone away from me
