

Lucky Guy

Mxpx

I'm not a millionaire
But she still loves me
I don't know why she cares
But she still loves me
I won't deny, I'm hard to hold
Or slow to do the things I'm told
I'm a lucky guy and I'll tell you why
'Cause after all this she still
(Loves me)
I don't have a Ph.D

But she still loves me
We don't always agree
But she still loves me
It took a lot of sleepless nights
It took a lot of doubtful days
I may lose a lot of fights
But in the end I'll win her praise
I'm not so beautiful
But she still loves me
Sure ain't no supermodel
But she still loves me
