

Over You

Honor Society

I got another question that I need answered

 But you won't speak to me

Got another problem that I need solving

 When are you gonna see?

 Don't act like you don't care

'Cause I know you do, yeah you do

 But I just can't figure it out

 I'm not over you, over you

 And I just can't leave it alone

I'm not over you, over you, over you

 What happened to the days

When I knew the ways to make your body move?

 Tried to get it back but the distance grows

 I know you feel it too

 I can't act like I don't care

 'Cause I do, yeah I do

 But I just can't figure it out

 I'm not over you, over you

 And I just can't leave it alone

 I'm not over you, over you

And you just won't pick up the phone

 I'm not over you, over you

 And I know I'll never get through

 I'm not over you, over you

Ripped up the pictures of you and me

 I tried seeing other girls

But they were just a distraction, never the same attraction

 I'm going crazy over you

 But I just can't figure it out

 I'm not over you, over you

 Yeah, and I just can't leave it alone

 I'm not over you, over you

Yeah, and you just won't pick up the phone

 I'm not over you, over you

 And I know I'll never get through

 I'm not over you, over you, no

I'm not over you, I'm not over you

 I'm not over you, over you

I'm not over you, I'm not over you
I'm not over you
