

Fuck Off and Die

Peppermint Creeps

You're not very nice and I dont think like you
You're not very nice cause you made me cry
You're not very nice and I dont want to see you
So why dont you just fuck off and die!

Once I used to say I loved you
What I fucking joke you bitch
I thought you loved me too
If I had a dime for every dick you sucked
I'd be a millionaire

Makes me so damn to fucked to see
I thought you really cared

I gave my heart
I gave my trust
I even got down on my knees

I even give you my keys

I gave you all I ever had
I gave you everything

But guess what bitch
I never really loved you

You're not very nice and I dont think like you
You're not very nice cause you made me cry
You're not very nice and I dont want to see you
So why dont you just fuck off and die!

Fuck off and die!
Fuck off and die!
Fuck off and die!

Why? Cause I caught with another guy

Now I can finally say Im over you
Besides you werent worth half
the shit you fucking put me through

My friends said I was pussy whipped

But I was just naive

The best thing that I ever did

Was turn around and leave

I gave my heart

I gave my trust

I even got down on my knees

I even give you my keys

I gave you all I ever had

I gave you everything

But guess what bitch

I never really loved you

You're not very nice and I dont think like you

You're not very nice cause you made me cry

You're not very nice and I dont want to see you

So why dont you just fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Why?

Cause I caught you with another guy!

Why?

Bitch!

Haha.

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Fuck off and die!

Die. Die. Die. Die. Die!!!!

Fuck off and die!
