Verse 1:Milmoe

im goin uphill my ryhme is inclined
back structure like your spine
every line from the mind
is unique in its design
i swing from the vine
rather that the vein
blood flowin and yes i can
im the engine yes i am
im the choo choo
going koo koo
if you put me on the track
i wont ever fail
wont derail
stay leadin the pack
gotta gap in the road
gone push full throttle
gotta sleep i cant eat
these words i cant swallow
stormin through the contryside
jump aboard come on lets ride
run to the fight and i do not hide
if we unite we all gone fly
high
why sit around put though in action
wet road we ganin traction
live it up

see the reaction

Hook: Meg

baby turn me out
im high without a doubt
diggin on your vibe
always down to ride
right by your side
feelin so right

they try to hold you down
but i gotta get it get up
Verse 2:Milmoe

rise to defeat
flow so sweet
hop on a beat cause talk is cheap
head to the hills
stack these bills
smack the cat that say you lack them skills
mean mug grills
call me mills
flip when i trip when i eat these pills
stick to the script
im gone you chills
sit like a plant on the window sill
grow to the light
gotta run to the fight
fule to the flame as i ignite
blame from a lame wont do me right
they s&*t sounds the same
all they do is bite
write off other peoples pages
so outragouse
im couragouse
doin somthing different
you bi@#$es keep on siftin im in it

Hook:

baby turn me out
im high without a doubt
diggin on your vibe
always down to ride
right by your side

feelin so right

Baby turn me out...

Bridge:Milmoe/Meg

im an animal at least
man at one with beast
im a savage on these beats
im a scavanger i feast
im never full
feelin like im diein to spit
and the harder it get
i feel like i slobber in it

tell me what you want from me
show me what you want
tell me what you need baby
tell me what you need
you know forever it's ride or die
its you and me creating life

Verse 3:Milmoe

yeah its you and me forever
like the letter
on the varsity jacket
straight to the heart i attack
like its my only source of income
with wisdom
we can rule the kingdom
a system
never ended
continuous
and splended
around the corner we bended we see
the opposite side
the end of it all
we will never fall
gotta stand tall
might be a brawl
but im ready for the task at hand
its time we taken over the land

Hook:

baby turn me out
im high without a doubt
diggin on your vibe
always down to ride
right by your side
feelin so right

baby turn me out...
