From Wisdom to Hate

Gorguts

[music: Mongrain, Cloutier / lyrics: Lemay]Charriot traces carved in sand
Once more, pain, will expand my land
Each arrow thrown
Strengthen my throneBounds to my realm, the sword shall set
My blade was the one that you've last met
With red-stained hands,
The victor standsFrom wisdom to hate
From wisdom to hateIntrude my peace...war, I'll proclaim
Your empty skull will be my gain
I will, with greed
Watch yourself bleedWith envious eyes, on me you've sined
Each place I pass are left to ruins
On your decline
My reign will shineFrom wisdom to hate
From wisdom to hateI am the one which none defies
Warfare and I are unifiedWisdom collapse
Hatred soon will riseCharriot traces carved in sand
Once more, pain, will expand my land
Each arrow thrown
Strengthen my throneBounds to my realm, the sword shall set
My blade was the one that you've last met
With red-stained hands,
The victor standsI am the one which none defies
Warfare and I are unified
