JUST TRUST IN ME

when we were young it seemed life was an endless dream â€“ to me
we laughed in the rain in our hearts we were carefree â€“ it seemed
nothing's changed â€“ it's still the same â€“ my love
no one to blame â€“ no time for shame â€“ my love

(chorus)
so, just trust in me
i'll never let you down
i'll be here waiting
anticipating you around
just trust in me

i heard the laughter of children from way down the hall â€“ today
their voices uniting â€“ a spirit inviting you to stay
but time slips by
the years they pass
one by one
but, through it all our love is strong
we'll follow the sun

(chorus) instrumental

nothings changed
it's still the same my love
no one to blame
no time for shame my love

(chorus)...

there's nothing to fear
just trust in me

there's nothing to fear
just trust in me (oooh, oooh)
