Proof

Paramore

It's really hard
I can't cry in your arms
Cause you're not here
It's not your fault
And if it was I wouldn't careMy heart is bigger
Than the distance
In between us
I know it 'cause I
Feel it beatingSo strong it'll knock you down
So strong, so strongOver here
I can't count the miles away
From where I wanna be
I bet your skin is warm
And that you're smilingYeah, that's what I always
Loved the most about you
You're so strong
Come and knock me down, heyBaby, if I'm half the man I say I am
(Whoa-oh-oh)
If I'm a woman with no fear
Just like I claim I am
(Whoa-oh-oh)
Then I believe in what you say
There's nothing left for you to do
The only proof that I need is youI'll get in my car
Drive it faster than I
Ever did before
Head out west until I finally
Reach the shoreAnd then I'll swim out
To wherever you are
And we'll ride the undercurrent
Down to the floorMaking friends with all
The unfamiliar creatures
And pushing back
All the unnecessary pressure
Come up for air just so you
Know we won't drownYou're so strong
The world can't keep us down, hey!Baby, if I'm half the man I say I am
(Whoa-oh-oh)
If I'm a woman with no fear

Just like I claim I am
(Whoa-oh-oh)
Then I believe in what you say
There's nothing left for you to do
The only proof that I need is youYeah, ooh, yeah, hey
Yeah, ooh, yeah, heySo do you love me?
(Yeah)
All you gotta do is say yes
Now do you love me?
(Yeah, hey)
And I won't ever second guessNow do you love me?
(Yeah)
All you gotta do is say yes
Now do you love me?
(Yeah, hey)
Then you already proved itYeah, yeah, heyBaby, if I'm half the man I say I am
(Whoa-oh-oh)
If I'm a woman with no fear
Just like I claim I am
(Whoa-oh-oh)
Then I believe in what you say
There's nothing left for you to do
The only proof that I need is...Baby, if I'm half the man I say I am
(Whoa-oh-oh)
If I'm a woman with no fear
Just like I claim I am
(Whoa-oh-oh)
Then I believe in what you say
There's nothing left for you to do
The only proof that I need is you
