

Work This Out

Litany

[Verse 1]

You say

I make it so hard for you to trust me

For you to trust me[Refrain]

I make it so hard for you to trust what I say

To trust what I say

It doesn't matter what I say

[Verse 2]

So come take a look through my phone

I just wanna show you that there's nothing going on

Won't you come take a look through my phone?

How can I prove that there's nothing going on?[Pre-Chorus]

Tell me how it's gonna end

Tell me how it's gonna end[Chorus]

You know that you've got me now

You gotta be cool if we're gonna be working this thing out

Gonna be working this thing out

You know that you've got me now

You gotta be cool if we're gonna be working this thing out

Gonna be working this thing out[Verse 3]

If you want a chance, you've got to change, darling

Is there any other way? You've got to change[Refrain]

I make it so hard for you to trust what I say

To trust what I say

It doesn't matter what I say[Pre-Chorus]

Tell me how it's gonna end

Tell me how it's gonna end[Chorus]

You know that you've got me now

You gotta be cool if we're gonna be working this thing out

Gonna be working this thing out

You know that you've got me now

You gotta be cool if we're gonna be working this thing out

Gonna be working this thing out[Bridge]

Working this thing out

I just wanna show you that there's nothing going on

Won't you working this thing out

How can I prove that there's nothing going on?

Working this thing out

I just wanna show you that there's nothing going on

Won't you working this thing out
How can I prove that there's nothing going on?[Chorus]
You know that you've got me now
You gotta be cool if we're gonna be working this thing out
Gonna be working this thing out
You know that you've got me now
You gotta be cool if we're gonna be working this thing out
Gonna be working this thing out
