Ultra violence

MÃ©tal Urbain

Four young strong Chelloveks
Fighting hard for their kicks
Come on down have a drink on us
A nice tall glass of Moloko Plus[Chorus:]
Now it's time for a bit of the old
Ultra ViolenceLet's all go out for a ride
In my Durango 95
I know just the place to go
Everything's gonna be a real horror show[chorus:]
Now it's time for a bit of the old
Ultra ViolenceI think I need some ol' in-out
I need to find a Devotchka now
Before you know it your life is torn
When you live in a Clockwork Orange[chorus:]
Now it's time for a bit of the old
Ultra Violence
Ultra Violence
Ultra Violence
