

Because I Got a Girl

Nate Dogg

When the cats, awake the mice will play
That's what the people say
All I know is dogs play anyways
'Cuz I play everyday You do it too don't lie
Soon as you're out my site
I seen you creepin' by
While I was creepin' mine While I was checkin' out
I saw you checkin' in
I shoulda knocked you out
But I was with your friend Because I got a girl, don't mean we can't talk
Because I got a girl, don't mean I wont break you off
Because I got a girl, don't mean we can't talk
Because I got a girl, don't mean I wont break you off Come on girl let me heed it
Meet me at the deli that's if you're weeded
Come on girl let me heed it
Meet me at the deli that's if you're weeded Come on girl let me heed it
Meet me at the deli that's if you're weeded
Come on girl let me heed it
Meet me at the deli that's if you're weeded Back in the days I used to like bitches
But I tell you nowadays bitches ain't shit
And if you wonder why I say this
I've had a few bitches and bitches think they're slick Runnin' around, playin' all my niggaz
Trying to split a brother from his grip
Got all these bustaz watchin' me
But I tell you right now hoe, I don't slip I'd like to give a shout out to my favorite girl
But I wont you know why, because she's a trick
And if I give a shout out to a sneaky bitch
I got to give a shout to the nigga she's sneakin' with
And all my homeys say Because I got a girl, don't mean we can't talk
Because I got a girl, don't mean I wont break you off
Because I got a girl, don't mean we can't talk
Because I got a girl, don't mean I wont break you off Because I got a girl, don't mean we can't talk
Because I got a girl, don't mean I wont break you off
Because I got a girl, don't mean we can't talk
Because I got a girl, don't mean I wont break you off Come on girl let me heed it
Meet me at the deli that's if you're weeded
Come on girl let me heed it
Meet me at the deli that's if you're weeded Come on girl let me heed it
Meet me at the deli that's if you're weeded

Come on girl let me heed it
Meet me at the deli that's if you're weeded'Cuz I have never met a girl
That I love in the whole wide world
